Subject: Construction to Begin on Crows Landing Road Bridge Replacement Project over San Joaquin River

CROWS LANDING ROAD BRIDGE REPLACEMENT PROJECT

OVER SAN JOAQUIN RIVER

Beginning in August, crews will begin construction on the Crows Landing Road Bridge Replacement Project that goes over the San Joaquin River. Work was delayed due to additional permitting and utility coordination.

Work will generally occur Monday through Friday and some weekends from 7 a.m. to 5 p.m. In addition, nighttime work may occasionally take place from 10 p.m. to 6 a.m. on Carpenter Road and during certain required 24-hour activities like drilling foundation piers. The County recommends using alternative routes when possible during construction.

What to Expect

To minimize impacts and maintain traffic movement for travelers, construction will be conducted in two stages:

- **Stage 1 (Summer 2021):** Installation of temporary trestle over San Joaquin River then construction of west side of new bridge
- **Stage 2 (Summer 2022):** Construction of east side of new bridge, removal of temporary trestle over San Joaquin River then roadway work before bridge opens

Once complete, the new bridge will widen both travel lanes and road shoulders in order to improve safety for motorists as well as meet Caltrans and American Association of State Highway and Transportation Officials structural and geometric standards.

Potential Impacts

During construction, access to local property owners will be maintained and potential road closure near properties will be coordinated on an individual basis. In addition, public safety access will be maintained at all times throughout construction. Local property owners and the traveling public may experience:

Noise & Dust

Traffic delays

Lane restrictions
(one-way traffic control
& onsite flaggers)

Temporary closures
(Carpenter Road)

Temporary detours
(Ruble Road)

Stay Updated

We apologize for the traffic impacts this work may cause and thank you in advance for your patience. For more information or to sign-up for electronic updates, visit crowslandingbridge.com, email info@crowslandingbridge.com or call the project information line at **(209) 683-5071**.

Please help us spread the word and share this information with your friends, neighbors, colleagues, constituents and on your social media pages. If you would like to be removed from the project's database, please respond with the word 'Remove' in the subject line. Thank you!
