Subject: Construction Updates: Crows Landing Road Bridge Replacement Project

CROWS LANDING ROAD BRIDGE REPLACEMENT PROJECT

OVER SAN JOAQUIN RIVER

Work activities on the Crows Landing Road Bridge Replacement Project are scheduled to take place on **Crows Landing Road** between **River Road/Marshal Road and South Carpenter Road** through September 30, 2023.

Work will take place weekdays between **Monday through Friday** from **6:30 a.m. to 4:30 p.m.** The County recommends that motorists use alternative routes whenever possible during construction to avoid delays.

What to Expect

April 2022

A closure of the northbound lane of Crows Landing Road will occur to install pavement. Crews will conduct one-way traffic control with the assistance of on-site flaggers to direct motorists on the southbound lane of Crows Landing Road.

During this closure, travelers should:

- Observe the instructions of on-site flaggers
- Prepare for traffic delays

April/May 2022

Crews will be closing Carpenter Road for up to 60-days due to construction. During this closure, travelers should:

- Utilize the suggested detour at Ruble Road
- Follow construction signs and the instructions of on-site personnel

Construction Stages

To minimize impacts and maintain traffic movement for travelers, construction will be conducted in two stages:

- **Stage 1 (Beginning Summer 2021):** Installation of temporary trestle over San Joaquin River and then construction of the south side of the new bridge.
- **Stage 2 (Beginning Summer 2022):** Construction of the north side of the new bridge, removal of temporary trestle over San Joaquin River, and then roadway work before bridge opens.

Once complete, the new bridge will widen both travel lanes and road shoulders to improve safety for motorists as well as meet Caltrans and American Association of State Highway and Transportation Officials structural and geometric standards.

Potential Impacts

During construction, access to local property owners will be maintained and potential road closure near properties will be coordinated on an individual basis. In addition, public safety access will be maintained at all times throughout construction. Local property owners and the traveling public may experience:

Noise & Dust

Traffic delays

Lane restrictions
(one-way traffic control
& onsite flaggers)

Temporary closures
(Carpenter Road)

Temporary detours
(Ruble Road)

Stay Updated

We apologize for the traffic impacts this work may cause and thank you in advance for your patience. For more information or to sign-up for electronic updates, visit crowslandingbridge.com, email info@crowslandingbridge.com or call the project information line at (209) 683-5071.

Please help us spread the word and share this information with your friends, neighbors, colleagues, constituents and on your social media pages. If you would like to be removed from the project's database, please respond with the word 'Remove' in the subject line. Thank you!
